Description

[PGD_Design & Innovation](#) is an internationally awarded strategic design consultancy based in Portugal and worked with global companies worldwide like Group Auchan, HTC, Huawei, LG, Super Bock, Pearl Izumi, K2, Arctic and others.

With an international team of talented designers & business strategists we are leading holistic design & innovation programs crossing the best of branding, strategy, product design & communication (learn more about our process [here](#)). In the last years we have been using design as a strategic tool to design industry disruptive solutions playing with leading industries as: Home Robotics, Design for Aging, The future of Banking Retail & Smart Homes. ([available for presentation on booked meetings](#))

Driven by great challenges our work is focused on creating measurable business impact and translating and implementing business and design strategies that empower and cultivate innovation opportunities within organization, companies or startups.

Our market is global, our passion is endless and we look forward to the join the next big leap. **Let's explore how we can collaborate?**
