

Jorge Assis

R&D and Innovation Manager

VLM Consultores SA

<http://inovacao.vlm.pt/>

Bilateral Meetings

- 14.00 pm - 17.00 pm

Description

VLM was created in 1995 and operates mostly on a regional geographical scope (although keen in relating with international partners and, also, operating in international contexts due to some of our clients needs), having as its target-market / clients-portfolio the regional industry players (not so much services neither public sector) - from SME's to LE's, ranging from industry (construction, agro-food, biotech, etc) to services (IT, Transports and Logistics, Energy, etc).

Having as its mission the facilitation of change and innovation management with a view to the creation of value, VLM builds on a steady growth path since its foundation, being recognized among the key consultancy firms in the center and north of Portugal with a specific pack of services targeted at medium-sized industry needs.

Through an integrated multidisciplinary approach, we deliver services to organizations in the following specific domains:- Studies and Projects (Access to funding - national and international - and project management support);- Creativity, R&D and Innovation management and support services;- Management Systems - R&D and Innovation, Quality, Environment, Social Responsibility;- Environmental Safety;- Food Safety;- Hygiene and Safety at Work;- Corporate Finance;- Human capital development and Training.

VLM is certified by the standards ISO 9001, ISO 14001, and part of its services are also certified under the Portuguese R&D and Innovation management standard (NP 4457).
